A word from our CEO

Hi! I'm Silky Khanuja, CEO of Solis College.

We started Solis not to make a million dollars or take the business world by storm, but because we love training and are passionate about seeing students grow, improve, find new jobs and better themselves. I'm still an active member of our training team because, for me, this business is all about the students we're helping.

One of my favourite things is when past students drop in to share stories of how they're thriving since studying with us: new careers, better opportunities, and smiles on their faces. That's why I do this.

Whether you're starting your career in Australia, looking to upskill, or wanting a change to work with more purpose, we'd love to help you on your journey. And if you hit any snags along the way, just remember: my door is always open.

Silky Khanuja

CEO, Solis College

"Thank you for always being patient with a shy & slow student like me. I'm not very good with words, but I really appreciate you."

Trân B., Solis College student, in a handwritten card to Silky

Studying in Adelaide

Adelaide sits on Australia's southern coast and mixes a relaxed, friendly lifestyle with a busy cultural scene. It is Australia's fifth-largest city and was ranked the world's 8th most liveable city in the Economist Intelligence Unit's 2026 Global Liveability Index.

With good public transport, a lively arts scene, great food and wine, and growing industries including health and community care, food and hospitality, information and communications technology, defence and tourism, Adelaide offers plenty of career opportunities for the future.

WHO WE ARE

About Solis College

Solis College is a registered training organisation and CRICOS provider in Adelaide, providing nationally recognised qualifications to local and international students in aged care, disability, community services, child care, commercial cookery and hospitality, business, marketing and IT.

Mission

To give students excellent, affordable training and the qualifications and skills they need to succeed in their chosen careers.

Vision

To be a trusted, student-first RTO known for quality training and outstanding support.

Values

Respect and integrity. We put students at the centre of everything we do.

Industry consultation

We regularly consult industry bodies, employers and experts to make sure our courses teach skills that are useful now and in the future. Our team keeps careful records of these consultations under our Industry Engagement and Continuous Improvement policy, and you are welcome to ask about them.

What our students say

The facilities, including the lab room and classroom environment, provided a good learning experience. My training at Solis College has been a positive learning experience, and Silky was an excellent choice as a trainer. The education she provided showed she had very good real-world experience, and this was so helpful in me becoming confident to work with aged care and disability clients.

Tanya Singh, Student

Solis college is my second home. I have built great relationships with my classmates, teachers, and staff. Being at Solis has been a fantastic experience that has helped me grow personally and professionally.

Aliana S. Paul, Student

The trainers at Solis college are excellent. They are very positive and encouraging and provided a lot of assistance to me throughout the program. The students all appeared to enjoy the course, and I was enthusiastic about attending the program daily. The trainer displayed excellent listening skills. English is my second language, and even though I sometimes have trouble understanding accents, I have no problems understanding spoken communication. This was a great benefit to me.

Muskan Ahuja, Student

I had a great experience studying Certificate IV in Ageing Support at Solis College. My teacher, Silky Khanuja, was very kind, supportive, and explained everything clearly. Chetna at reception was also very friendly and helpful.

Harshabad K. - Google review

It's been a great experience to study and finish my Cert 3 for Ageing and Disability at Solis College. They have provided/facilitated for a placement facility close to my home and I am able to learn and practice in the actual workplace environment.

Mitch Q. - Google review

Throughout the course, the Solis provided consistent support both academically and emotionally. Ms. Silky was approachable and always willing to explain difficult concepts. I felt guided at every step, especially during placement preparation and assessment tasks.
